

*Sana Citrus Press is suitable for juicing citrus and pomegranates.*

**Operating Instructions:**

- 1) Place Sana Citrus Press on a flat stable surface.
- 2) Slice a citrus or pomegranate in half.
- 3) Place a glass into base circle directly below drain spout to collect a juice.
- 4) Raise handle to the upright position and place one piece of citrus half on the strainer, cut side down.
- 5) Lower the handle to begin the squeezing process.
- 6) Follow steps 4 and 5 to squeeze the remaining fruit.

**Caution:** Never place fingers inside or near the strainer when lowering the handle as pinching can occur.

**Cleaning:**

- 1) To remove the basket and strainer align stoppers on the basket with notches on the citrus press base ring, then pull the basket up.
- 2) Clean parts using hot soapy water, rinse and dry thoroughly. These parts can also be cleaned in an automatic dishwasher.
- 3) Wipe the juicer with hot soapy water, rinse and dry thoroughly.

*For optimal performance the juicer and its parts should be cleaned after each use. Strainer and basket are made from stainless steel and are dishwasher safe.*

**Note:** We recommend to lubricate the main steel shaft and levers regularly to prevent stiffening. Cooking or vegetable oil may be used.

**Warning:** After each use return the handle into its down position to avoid possible injury.

**Warranty:** The warranty of this product covers faulty workmanship and materials used in normal household conditions and according to the maintenance and use instructions provided. The warranty does not cover removable parts.
